

Sarcoxie School-Community Partnerships

The Sarcoxie School-Community Partners are businesses, organizations, and individuals that financially support student athletics, activities, and organizations to help keep admission to events free, eliminate most student fundraising, and minimize pass-along costs for students to participate.

Annual Partnerships are the only time the school district will solicit funds from local businesses. Sponsorships will be offered by the Yearbook Staff or businesses may contact Central Office.

In return for their support, sponsors receive the following at each level:
